

Welcome to Hot Springs!

Hiking, river rafting and tubing, fishing, shopping, delicious food and drink, and the easy pace of Appalachian life awaits you.

Parking is limited in our small town, so different parking lots are designated for different uses.

Downtown parking is designated for downtown business use.

See the following options for outdoor recreation parking:

For visitors requiring river access, there is parking located at the NOC parking lot (Lot A). **This lot is for river recreation use only.**

Hikers have a couple of options for parking, including overnight parking for section hikes. One is the Silvermine Trail Parking Area (Lot B). This lot is convenient for AT access north and the Lover's Leap Loop Trail.

Another option for day and section hiker parking is located on Serpentine Ave. South (Lot C). This lot is convenient for AT access south.
