### 4 Activities to Enjoy Around Hot Springs, NC This Winter

While spring and summer bring the hikers, paddlers, birders, and bikers through the winding roads into our river valley town, many pass over the opportunity to experience the adventures to enjoy in the stark beauty of winter.

As a small town on the Appalachian Trail, a 2,190 mile scenic path running from Georgia to Maine and part of the greater Madison County area, which includes 55,000 acres of Pisgah National Forest, our small town is where you'll want to place your compass when you're feeling like you just need to get away from the hustle and bustle of the bigger cities.

Here are a few suggestions for winter activities to enjoy while you're here in the colder months ahead, including catching a sunset on the long-coveted mountain bald of Max Patch and seeing all of the incredible progress made this year thanks to Appalachian Trail Conservancy and Carolina Mountain Club + of course a soak at the Hot Springs Resort & Spa before you hit the road.
